TO: Faculty, Graduate Students, APTs, and Lecturers in the College of Social Sciences

FROM: Richard Dubanoski, Dean
College of Social Sciences

SUBJECT: College Travel Funds for Professional Development in Research, 2007 -2008

The College of Social Sciences will again set aside a limited amount of funds for travel support from overhead monies generated by extramural grants and contracts awarded to faculty members in our College. The purpose of the travel awards is to promote research by supporting travel to conferences, training programs, and other events that facilitate professional development in research. Please read the following guidelines carefully before completing the application. Please note that funding of this program is contingent upon the University’s release of FY2007-2008 Research and Training Revolving Funds (RTRF).

Terms and Eligibility

1. The maximum amount of CSS travel support is $2,000 per person.

2. Each person is eligible for only one CSS travel award during the 12-month period of this travel program (i.e., November 16, 2007-November 15, 2008).

3. Those who receive travel support from other University sources for the same trip are not eligible. CSS travel support, however, may be supplemented by funds from extramural grants and contracts.

4. Travel support is limited to the cost of a round-trip economy airfare, conference or workshop fee, ground transportation, and per diem. Receipts are required for all expenses except per diem.

Criteria for Travel Support

1. Priority will be given to assistant professors, followed by associate professors, full professors, graduate students, APTs, and lecturers, in that order. Please note that in the past several years, most of the funds have been awarded to assistant professors.

2. Applications will be rated from high to low priority in the following order: (1) presenting an accepted conference paper (only one author will be supported for a co-authored paper); (2) organizing and chairing a research panel or symposium at a conference; (3) participating in a training program specifically designed for professional development in research; and (4) special purpose, e.g., to receive a prestigious research award. The quality and significance of the presentation, conference, or other purpose for which travel support is sought will be evaluated in determining priority.
Procedures for Submitting Applications and Allocating Funds

1. Complete the attached application and forward the application packet to your department chair for a statement of recommendation and a signature. Submit the original and 2 copies of the application form and required supporting documents to Judith Inazu, SSRI, Saunders Hall 704, by the application due date indicated below.

2. Applications are reviewed by a committee selected from faculty members serving on the CSS Research Council. Funding is competitive and the committee may recommend partial funding.
